FOUNDER

RINKU KUMAR

As an ardent animal lover and proud member of our dedicated organization, I, Rinku Kumar, am honored to present a significant highlight of our annual efforts toward animal welfare. This year, our team has made extraordinary progress in the rescue and rehabilitation of stray animals, focusing especially on those that have been abandoned or left without care on the streets.

Over the course of the year, we successfully rescued more than 100 stray animals, including dogs and other vulnerable creatures in distress. Many of these animals were found in extremely poor health conditions, suffering from injuries, malnutrition, or illness. With the tireless commitment of our volunteers and staff, each rescue mission was conducted with compassion, urgency, and professionalism.

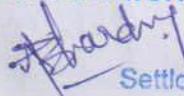

these animals were provided with immediate First Aid, food, and emotional care. We admitted in hospital and treatment by veterinarians doctors by self expenses without any support and donation.

Our work this year not only reflects our dedication to the cause of animal protection but also underscores the importance of community awareness and responsibility.

Looking ahead, we remain committed to expanding our reach, improving our resources, and saving more animal life. Every life matters, and with continued support, we hope to make an even greater impact in the years to come.

If we receive enough support from people, we are committed to taking our mission a step further by opening a dedicated shelter for sick and injured animals. Our goal is to create a safe haven where these helpless beings can receive the care, attention, and medical treatment they truly deserve. Far too many animals suffer in silence due to a lack of facilities and resources. With your help, we can change that. Every contribution, no matter how big or small, brings us one step closer to making this dream a reality. Together, we can build a better world for these voiceless souls.

SECRETERY

ADITI BHARDWAJ

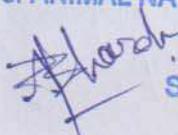

We rescued several abandoned animals who were in extreme pain, distress, and struggling to survive. Most of them had maggots infesting their wounds, making it impossible for them to sleep or rest—day or night. It was a tough journey for us to save them, but our determination, compassion, and love gave us the strength to keep going.

Despite limited resources, we did our best to provide them with care and a second chance at life. Today, they are healing and living with dignity, which brings us immense joy and purpose.

However, due to lack of resources, we couldn't help as many animals as we wanted. But this is just the beginning. In the days to come, we are committed to rescuing more injured and sick animals, giving them hope and a new life. Our mission continues with love, perseverance, and a vision for a better world for all beings.

Although our NGO is still in its early stages and not yet fully equipped, we have recently expanded our efforts beyond animal rescue to include feeding stray animals. This initiative helps us identify cases of malnutrition and disease among stray animals while also ensuring they receive at least one proper meal a day. Through this compassionate approach, we aim to improve their overall health and quality of life, one step at a time.

INTRODUCTION

Animal Nature Trust is a compassionate and visionary organization founded on 28th August 2024 in Ghaziabad, Uttar Pradesh, with a core mission to serve, protect, and uplift the lives of stray, abandoned, and homeless animals. Rooted in empathy and driven by action, the Trust is dedicated to addressing the growing crisis faced by street animals who are often neglected, injured, or left to suffer without care.

2024 – 25 was no doubt a challenging and uncertain year. It was a test for our organizational resilience.

We are proud to say that we not only passed it but went beyond on our path 'Animal Rescue and their Welfare'.

The organization works across multiple dimensions of animal welfare, primarily focusing on rescue operations, medical treatment, and long-term rehabilitation. With a team of trained rescuers, volunteers, and passionate animal lovers, Animal Nature Trust responds to emergency calls involving injured, sick, or distressed animals. Each rescue is handled with urgency, compassion, and professionalism to ensure that no animal suffers due to lack of timely intervention.

Once rescued, animals are provided immediate medical attention and ongoing treatment as per their needs. From minor wounds to severe trauma, every case is handled meticulously at the Trust's partner clinics or through mobile veterinary services. Beyond treatment, the organization also emphasizes post-recovery care, ensuring that animals regain their strength and are given a

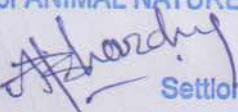

chance to heal fully in a safe and nurturing environment.

The Trust is also actively involved in animal welfare programs, which run awareness programs vital in controlling the stray animal population and preventing the spread of diseases like rabies. Through community awareness drives, educational workshops, and partnerships with local bodies, Animal Nature Trust promotes responsible animal care and encourages humane treatment of all creatures.

In addition to emergency services, the Trust is working on developing shelter facilities where rescued animals can live safely, especially those who are permanently disabled or unfit to return to the streets. Every animal under their care is treated as a sentient being with rights and dignity.

What sets Animal Nature Trust apart is its unwavering belief in creating a more compassionate society—a world where every animal, regardless of their origin or condition, has the right to live without fear, pain, or hunger. The Trust envisions a future where humans and animals coexist in harmony, supported by ethical practices, empathy, and community involvement.

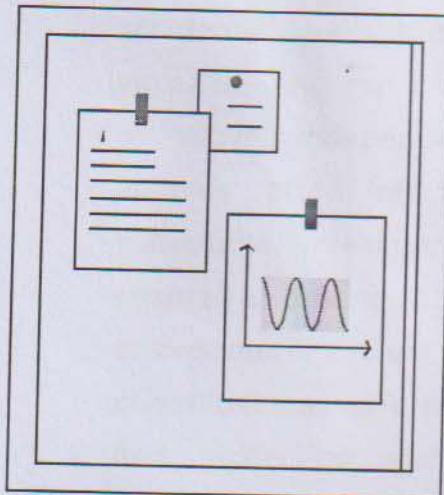

Since its inception, Animal Nature Trust has become a beacon of hope for countless voiceless beings in Ghaziabad and surrounding areas. Its tireless work continues to inspire many to step forward and contribute toward the noble cause of animal welfare.

ESTABLISHMENT AND OBJECTIVE

A World Free of Animal Cruelty)

Organization Establishment

"Inspired by deep affection towards animals, this organization was established on date- 28/08/2024 in Tehsil Ghaziabad District Ghaziabad Uttar Pradesh with the aim to serve stray, abandoned, homeless and helpless animals, to ensure their care, protection and welfare.

Organization Objectives

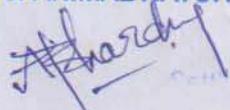

(i) Our objective is to serve and care for helpless, voiceless animals and birds. We are dedicated to rescuing, nurturing, and protecting these innocent lives, ensuring they receive the love, shelter, and medical care they deserve. Our work focuses on creating awareness, promoting compassion, and building a better world where every animal and bird is treated with kindness and respect. Through tireless efforts and community support, we strive to improve their lives and ensure their well-being.

(ii) Our objective Providing First Aid to Injured Stray Animals on Streets, Neighborhoods, and Public Areas. Stray animals, often without caretakers, are vulnerable to injuries from road accidents, abuse, or harsh weather conditions. When such animals are found injured on streets, in neighborhoods, or other public areas, it becomes important to provide them with immediate first aid. Timely first aid can save the animal's life, reduce pain, and prevent infections. This compassionate act not only benefits the animal but also promotes a more humane and caring society.

"Animal Nature Trust is dedicated to rescuing and rehabilitating injured and stray animals. Our mission is to provide timely medical care, shelter, and a safe environment for animals in distress—helping them recover and live a better life with dignity and compassion."

(iii). Our objective is to rescue and care for sick or stray animals without owners. These animals are kept at the Animal Recovery Centre until they fully recover. During their stay, we ensure proper arrangements for their food, water, shelter, and medical treatment. Qualified veterinarians provide necessary care and treatment to help them recover as quickly as possible. Our aim is to give these animals a safe and supportive environment where they can heal and regain their health.

(iv) We are dedicated to rescuing and providing lifelong shelter to animals who have suffered severe injuries—whether due to road accidents or human-inflicted violence—and can no longer walk or move independently. These animals, often left helpless and vulnerable, deserve a second chance at life in a safe, caring environment. Our shelter is committed to offering them the love, protection, and dignity they deserve.

(v) Our organization operates based on our own capacity and experience. We are a donation-based organization, and our ability to expand our efforts for animal welfare depends entirely on receiving sufficient donations. We are committed to working independently and autonomously, focusing on the betterment of animals through our own free will and dedication.

Conclusion:

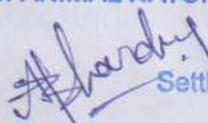

The organization operates independently, dedicated to the welfare, protection, and care of stray and helpless animals. Despite having limited resources, the institution continues its mission with unwavering

commitment, relying solely on public donations. These contributions are the backbone of all operations, and only with sufficient support can the organization expand its efforts and work more effectively. This journey is a continuous learning experience, shaped by the organization's real-world challenges, evolving capabilities, and accumulated experiences.

While the limitations are real, they do not deter the spirit of the mission. The organization understands that animal welfare is not merely about rescue but also about providing sustained nourishment, medical care, and a safe environment for these voiceless beings. Each action, no matter how small, contributes toward a greater goal of compassion, responsibility, and coexistence.

Ultimately, the organization's core motive remains clear: to protect and nurture animals in distress and ensure their well-being. This mission is pursued not for recognition or reward but out of a deep-rooted belief in kindness and humanity. With continued learning, dedication, and public support, the organization aspires to make a lasting difference in the lives of countless animals, proving that even with limited means, a compassionate heart can create an extraordinary impact.

OUR MISSION

Our organization will commit to the welfare and compassionate care of animals. Our mission will be to provide Food, Water, First Aid, and Rehabilitation to animals in need, especially those who are injured, abandoned, disabled, or otherwise unable to survive on their own. We believe that every living being deserves dignity, safety, and the opportunity to live a life free from suffering.

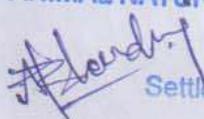

A key focus of our work will be ensuring proper medical attention for animals who are sick, wounded, or handicapped. We will collaborate with veterinarians and animal care professionals to provide timely and effective treatments. We will also create awareness about animal rights and welfare among communities, encouraging kindness and responsibility toward all living creatures.

Our organization is committed to feeding stray and abandoned animals every day, ensuring they never go hungry. Our mission is to provide consistent food, care, and compassion so these helpless animals can live with dignity and safety.

Through our efforts, we aim to build a society where animals are not neglected or mistreated but are treated with love, empathy, and respect. Our vision is to become a leading force in animal welfare, providing both immediate support and sustainable solutions for animal care and protection.

NGO Strays Feeding Program

STRAYS FEEDING RELIEF FROM HUNGER

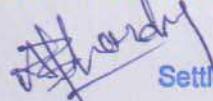

Animal Nature Trust Launches Rescue and Feeding Program

Animal Nature Trust has proudly launched a new Rescue and Feeding Program aimed at supporting stray, injured, and abandoned animals in need. This compassionate initiative is designed to provide timely medical care, safe shelter, and regular nutritious meals to animals who are often neglected or left to survive on their own.

Through this program, the trust actively rescues animals from distressing situations, offers them First Aid, and ensures they are nurtured back to health. In addition, a daily feeding drive has been implemented in various areas to make sure that no stray goes hungry.

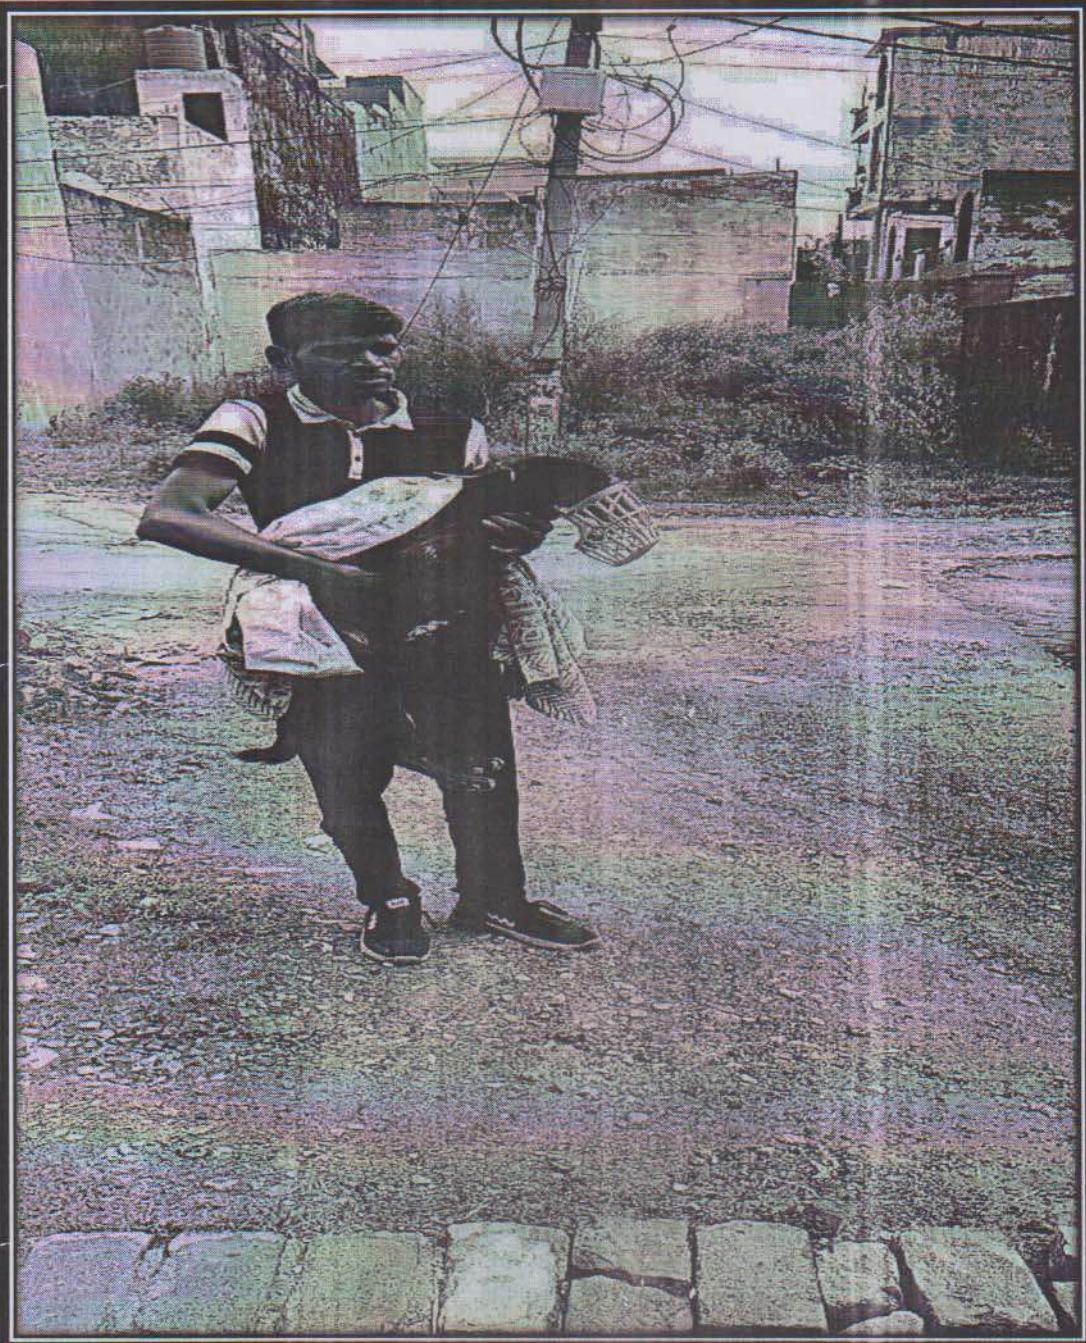

Animal Nature Trust self is working towards creating a safer and more caring environment for animals. This initiative not only helps in reducing animal suffering but also promotes awareness and responsibility towards animal welfare in the community.

Animal Nature:

A Lifeline for Stray Animals

Animal Nature Trust stands as a beacon of hope for countless stray animals who have been abandoned, injured, or left to suffer in silence. With a compassionate mission rooted in kindness, empathy, and action, the organization has rescued over 100 stray animals—and continues to expand its reach every day.

Founded on the principles of animal welfare and human responsibility, Animal Nature Trust believes that every living being deserves a life free of suffering and neglect. The organization has created a safe haven for animals that have been subjected to abuse, hit-and-run accidents, starvation, and disease. Each rescue is more than just an act of kindness—it's a promise to protect those who cannot speak for themselves.

Over the years, the trust has built a strong and dedicated team of volunteers, animal lovers who work tirelessly.

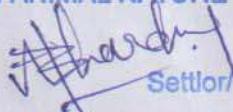

Beyond just rescuing animals, Animal Nature Trust also engages in active awareness campaigns and community outreach programs. These initiatives aim to educate the public about the importance of

compassion towards stray animals, responsible pet ownership, and the need for sterilization and vaccination drives to reduce the suffering of street animals in the long run. One of the most remarkable aspects of the trust is its unwavering commitment even in the face of limited resources. Despite financial and logistical challenges, the organization has never turned its back on an animal in need. It relies heavily on the support of generous donors, local communities, and compassionate individuals who share its vision of a world where every animal is treated with dignity and love.

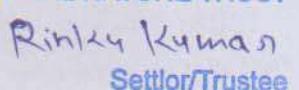

The impact of Animal Nature Trust's work is not just reflected in the number of lives saved but in the countless stories of transformation—from injured strays who couldn't walk to fully recovered animals finding forever homes. Each success story adds a new chapter to the trust's legacy of mercy and resilience.

Animal Nature Trust is more than an organization; it is a movement of compassion. With every rescue, every treatment, and every life saved, it sends a powerful message: every life matters. And as it continues its tireless efforts to protect and nurture the voiceless, it inspires others to look at animals not as strays, but as souls deserving of care, respect, and love.
